D'NESE DAVIS ANNOUNCES HER CANDIDACY FOR US SENATE - NEVADA

Artist/Business Owner from Nevada launches campaign centered on platform of
"WE THE PEOPLE"

Las Vegas, NV March 4, 2016 – D'nese Davis is NOT an establishment politician and does NOT define herself by political affiliation. She is an American and believes that it is long overdue that our elected "public servants" be reminded of who they work for We the People.

It is Davis' intention to be a prime example of what our Founding Fathers intended for our great nation: "There are too many career politicians in Congress that only answer to special interest groups and the oversized wallets of a select few, when they should be answering to the people they represent."
